### A HOT SUMMER, BUT A HOPEFUL ONE

Greetings to all members and your families, human and animal! As we work our way through this confusing time, we must stay positive and hopeful. Enjoy your time with your families and those beautiful animal members!

The board members met last week for the first time since February. It was a little glimmer of "normal". At this point it doesn't feel safe to have a general meeting, but staying in touch through phone calls, texts, the newsletter, emails, and FB is a way to stay connected.

The hope is that we will keep the club going through our membership during this pandemic. Please keep your membership in RAAVE so that when this time is behind us, we will have our fun filled meetings again. And we will have our beautiful calendar out soon to remind us daily of RAAVE!

Stay safe and healthy!!!

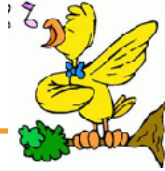

Rose Mueller,  
 Vice-President

Please send your photos and stories to Peggy Beal at [cageliner@raave.com](mailto:cageliner@raave.com)  
 Also include any Birthdays and Rescue dates.

## President's Perch

Dear Members,

I hope this newsletter finds you, your family, feathered and non-feathered friends safe and well. We are hopeful to resume our club meetings in February following the January budget meeting. We will keep everyone informed if anything changes and when we will be able to meet again as a club. In the meantime we will have a 2021 calendar to sell through the Parrot Connection very soon. Please join me in thanking Peggy Beal for taking the time to put together another beautiful calendar. Many thanks to those of you who submitted pictures as well for our 2021 calendar.

The demand for parrot rescue has not stopped with Covid-19 pandemic. Some very fine birds await their special person to give them a forever home. One recent rescue involved a beautiful blue and gold macaw whose owner had passed away. The owner did not plan for this bird in her will, so the family did not know

what to do for this very beautiful macaw. She is okay now and is awaiting a forever home with our other RAAVE parrots. Please include your feathered friends in your estate planning so your estate representative will know what to do when you are gone.

The six parrots are doing well at the Sierra Nevada Zoological Park. Many thanks to BeeGee Bunch for the time she gives them to make sure they have plenty of food and clean cages. A very special thank you to Peggy Beal and Clyde for making toys for the six parrots to enjoy!! Please visit the Zoological Park and see the great new parrot perches in the parrot exhibit provided by BeeGee and her husband.

Lastly, please review your plans if you have to leave your home suddenly due to threat of wildfire.

Sincerely,

Norman Huckle, RAAVE President
